product

Distressed Teak flooring

TerraMai's Naturally Distressed Teak flooring is milled with the original surface face left intact, complete with nail holes, saw marks and other natural character. This product is not faux or hand distressed. It is naturally distressed from decades of tropical weathering and human use as part of vintage Asian pole houses. No two pieces are exactly alike. Each piece bears witness to its unique history and origins. This product adds instant character and personality to any project.

sources

● Vintage buildings slated for demolition in Southeast Asia.

species

● *Tectona grandis.*

colors

● Rich tobacco browns with muted gold highlights and charcoal character marks.

dimensions

● 5/8" thick X random widths of 5-1/2" to 7-1/2" wide X random solid lengths up to 12' long.

millwork

● Tongue & groove, back-relieved, under-center-matched.

character

● Weathered surface face with pre-filled nail holes, saw marks, oxide stains and other natural character.

finish

● Comes unfinished, unless otherwise specified.

LEED

● MR 4.1 & 4.2 (Recycled Content).
