product ● **World Mix** engineered flooring

TerraMai continues its history of innovation and leadership with the world's first engineered flooring products made with reclaimed tropical hardwoods. Our engineered, prefinished World Mix flooring offers the beauty, durability and character of reclaimed exotic hardwoods with all the advantages of an engineered product. Our engineered World Mix flooring can be glued down or floated over concrete slabs and is ideal for installations over radiant heat.

sources ● Tropical hardwood packing crate material, used in global industrial shipping.

species ● *Balau, Pyinkado, Mempening, Bintangor, Agoho, Rengas, Mertas, Simpoh, Thitka* and many others.

colors ● Vivid reds, blonds, mangos, graphites, mochas and more.

dimensions ● 5/8" thick X 2-1/2" wide X up to 6' long.

millwork ● Engineered single-strip, solid-length, square-edge, tongue & groove and end-matched.

character ● Pre-filled nail and other fastener holes, oxide stains, pre-filled surface seasoning checks and occasional sound tight knots.

finish ● Nine-coat, UV-cured, acrylic urethane prefinish with high-wear aluminum oxide.

LEED ● MR 4.1 & 4.2 (recycled content), MR 7 (certified wood) and EQ 4.4 (low-emitting materials).

Reclaimed Woods from Around the World
